Having secured their novel and ingenious invention by American and European patents, are fully prepared to execute all orders for "MINATURE LIKENENES OF PER ONS ON CHINA," presenting all the attractive and advantageous features of ordinary photographs, the brilliancy and finish of a water-color drawing, and a hitherto unattained quality of durability, by being rendered as imperishable as the natural properties of the articles upon which they are transferred.

As the patented process of the Company enables the reproduction of Photographs, not only on plain surfaces, but upon such as are round or of any degree of irregularity—portraits can be reproduced with faultless accuracy, and delicacy of delineation, upon Porcelain wares of any description and dimension used as articles of luxury or of household utility, such as URNS, VASES, BREAKFAST CUPS TOL.
